

Virtual Kitemark Assessments

"The Association for Character Education is pleased to be able to provide the School of Character Kitemark for schools and colleges outside of the UK. A virtual assessment process has been designed to uphold the integrity of the Kitemark and provide the valuable recognition that comes with the award. As with the standard kitemark assessment, undertaking the process will provide schools and colleges with the valuable opportunity to reflect and enhance their provision of character education, so their pupils can continue to flourish in life. Furthermore, ACE is equally as committed to supporting schools on their journey to become a School of Character, as well as providing the recognition when they get there." Tom Haigh CEO, Association for Character Education.

Virtual Assessment Process

Schools outside the UK, undertaking the School of Character Kitemark, will use the same framework as outlined in the Kitemark Information Pack

<http://character-education.org.uk/Schools-of-Character-Information-Pack.pdf>

Interviews with pupils, teachers, leaders and governors will be done via video conference and the school will be expected to provide a short video of how character education appears in the school environment, such as displays. Please note that for practical reasons ACE can only assess evidence provided in English. Please contact tom.haigh@character-education.org.uk for more information.
