The Powerful Role of Tech in Helping Facilitate a School of Character's Journey of Integrating Character across the Whole School

Presenters Headteacher Rachael Fraser and Assistant Headteacher Rebecca Moors

4pm – 5pm Wednesday 10th February

Hear from the Kitemark School- Woodbrook Vale, how their Futures Award and app is making a radical change to how Personal Development and Character Education is delivered. The innovative project aims to provide students with a deeper understanding of how they choose to behave, the decisions they make, and how they fit into the world around us

‘We want to ensure that we are supporting parents to produce well informed, considered and emotionally intelligent young people, enabling them to prepare fully for adulthood,’ Headteacher, Rachael Fraser.

‘Character matters and our character, core values and skills can be explicitly developed. That is what the Woodbrook Value Futures Award will do, and it is tremendously important to the success of each individual at the school, and to ensure everyone involved has a flourishing future.’ Former Education Secretary, and Rt Hon Baroness Morgan of Cotes.

A link to the event will be sent two days beforehand.
